Customer Reviews

noI bought this for my daughter as a christmas gift and was very disappointed when it arrived. It looks like someone printed the pages off of their computer with a printer from the early '90s. The details inside the sharks are blurry with overlapping lines. Most of the pictures are cut off with plenty

of room still on the paper. Do not waste your money.

It was a gift. My granddaughter (20 yrs old) said she loved it. It doesn't have a lot of pages, but she is shark crazy and it was lots of sharks.So I was very pleased to find it.

Very nice quality I'm not disappointed. Very fun and stress relieving I found myself coloring way late at night the first day I got it.

Purchased for a friend, it looked okay.
