## Customer Reviews

I love these Crazy games. I buy them when ever I see them for sale. They are good for those who like matching puzzles. There are only nine small cards, so they don't take up a lot of space. Good price. Game looked new. I would buy from this seller again.

This is actually a game and not a book. It's kind of fun. There are nine different squares with heads and tails of different colored penguins on each of the four sides. The object of the game is to match up the squares into one big square in which all the heads and tails match up. It sounds a lot easier to do than it actually is; family members have been severely frustrated after working on this game for over an hour. An entertaining and puzzling way to spend some time.

THIS PUZZLE CRAZY GAME IS AWESOME & PUTS MY KIDS BRAINS TO WORK AS WELL AS MOM AND DAY, JUST AN AWESOME BUY !!!!!!!!!!!
