# Dawn Of Spies (A Crusoe Adventure)

## Synopsis

Rescued from a deserted Caribbean island, 17-year-old Robinson Crusoe and his female friend, Friday, find themselves in late 1600s London, a bustling city that proves as treacherous for them to navigate as the remote island they just left behind. Thanks to their honed survival skills, Crusoe and Friday are recruited by a young writer named Daniel Defoe to work as agents for Segment W, a covert spy group that reports directly to the Crown. Crusoe, Friday, and Defoe must rescue the Countess of Lichfield from a kidnapping plot. They discover that a mystical and mysterious organization known as the Circle of Thirteen is plotting to destroy Segment W and change the course of history through a royal kidnapping. With an illustrious cast of historical characters including King Charles II and Sir Isaac Newton, Dawn of Spies is the first installment of a series that thrusts a young Robinson Crusoe into a new world of espionage, intrigue, and peril.

## Book Information

## Customer Reviews

I read many of books of different genres and this book seems to have all of my favorite qualities. It has adventure, romance, suspense, action all in the setting of historical fiction. If you are looking to immerse yourself in a fun read, look no further and download or order this book. It is fantastic! You will learn all about Crusoe and his gal Friday's life on the Island and how they take their honed skills to England in the 1600s and work for the King. I can't wait for the sequel and am hoping for a movie based on this masterpiece as well!
