Customer Reviews

This book is really just a coloring book. I like the fact that it gives you room in the back to make your own bedroom, or living room, or really any room. But it gives you more rooms already drawn than anything else. All and all I like the coloring book.

My 10 year old daughter LOVES this book and shares it with friends (of all ages) too!

This has remained a good past time to do on rainy days. lots of differnt ideas.
