Customer Reviews

I love John's book on the Tao te Ching, as it pulls together the Tao and Qigong, so I was really looking forward to this book on the I Ching, which has always been an enigma for me. (I generally prefer the visual aspect of Tarot.) With John's book, the I Ching may be even more subtle for me; I think it will take months if not years of practice in order to really grok this method of divination. But I look forward to the journey.

This is such a new and great way to explore the I-Ching. It has opened up cascades of insight into my everyday experience of life.

There's a life-time of teachings in this book. Amazing!

Best useable translation yet!

a good book with a fine cover
