Customer Reviews

A detailed and beautifully illustrated exposition of those enormous prehistoric creatures which are such an interest for so many of us, "Discovery Channel Dinosaurs" presents the subject in a way suitable for younger readers and older. Any fan of dinosaurs will find much to enjoy here, both in the text and in the wonderful illustrations. Kudos to Discovery Channel for making this material available in a print format, that can be read, reread, and savoured. I reviewed an e-book copy provided by Great Minds Think Aloud in return for my fair and impartial review.

Any graphic novel and dinosaur fan would LOVE this. I certainly do.

The book has interesting facts and enters into the frontiers of paleontology it was a good informative

novel that told about all small a graphic facts of different species of Cretaceous and Mesozoic eras including other
