# Financial Markets And Institutions (The Mcgraw-Hill / Irwin Series In Finance, Insurance And Real Estate)

## Synopsis

Financial Markets and Institutions, 6e offers a unique analysis of the risks faced by investors and savers interacting through financial institutions and financial markets, as well as strategies that can be adopted for controlling and managing risks. Special emphasis is put on new areas of operations in financial markets and institutions such as asset securitization, off-balance-sheet activities, and globalization of financial services. Then, resources within Connect help students solve financial problems and apply what they've learned. Saunders' strong markets focus and superior pedagogy combine with a complete digital solution to help students achieve higher outcomes in the course. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

## Customer Reviews

Can't really say I LOVE ant text book. . .but it was as expected and shipped quickly

Great book for masters. Just dated.

Doesn't come with the registration code. I had to spend an extra \$130 to buy the registration code to do my homework. Lesson learned.

Am happy with my product. The book was brand new and in perfect condition. I recommend it
