Heart Of A Lion

Synopsis

[Read by Lloyd James] The world is spiraling toward destruction and one man receives a divine mandate. -- Young Noah has found life good and wholesome, until he steps outside his village and discovers a world of temptation. Drawn by a beautiful woman yet repulsed by the pagan practices of her tribe's dark worship, his inner struggle keeps him in torment. Noah strains to hear the voice of God: through the warnings of a prophet, through the kind teachings of his grandfather Methuselah, through the loving concern of his family, and ultimately through personal confrontation. The message he receives is terrifying. Will he find the courage to obey? -- Opposition intensifies to the call he has received, but a precious medallion handed down from ancient times reminds him who he is: a man with a heart of a lion. --This text refers to the Audio CD edition.

Although some of the dialog sounds too contemporary, this book does a nice job of highlighting Noah's faith. I was reminded of this passage from Hebrews 11 - "By faith, Noah built a ship in the middle of dry land. He was warned about something he couldn't see, and acted on what he was told." I think Morris has done a good job of highlighting the challenges of living by faith. It was great to read this during Advent since one theme in the book is the coming of the One who would be suffer greatly and yet would rule the world and set all things right. I am looking forward to the other books in this series. Also, of note, is the fact that this book had a clear ending. This bucks the trend in Christian fiction to force readers to continue to purchase books in a series that could have been

published in one volume.

Let me get this up front. Gilbert Morris is one of my favorite writers. As a guy, I gotta admit I don't wait out the "romances", sorry Friend Gilbert. My wife does and that counts. Up front, number two... Gilbert Morris would not, did not and never would play fast and loose with what the Bible states. I feel sorry for nit-picking reviewers who lie in wait for an omission or addition that sets them off into printing entire books of the Word online to back up their piousness. Get a life babe! These books are meant to augment the experiences of these great patriarchs not re-write them! To the point now that I've had my tirade... This is a GREAT book! These people simple came alive and leapt off the pages. The descriptions of the times and the scenes are spellbinding. If you look in the Bible and count out how few chapters are actually devoted to the story of Noah, you will see the remarkable talent of Gilbert Morris. This guy Noah did actually live, slip up, worry his parents, stay out late, had a drink or two and yet walked with God. I kept thinking about all the old Sci-Fi stuff in the fifties and sixties about neighbors ridiculing the "nut" who constructed a fallout shelter, yet pounded on the door demanding admission when the air-raid warnings sounded. In short, if you wanna knowa Noah... a pun... loosen up- Read this book. Like the commercial about spaghetti sauce "you want it, it's in there. Score 5 for Gilbert Morris.

This story about Abram and family is a most exciting story and was hard to put down. Book #1 & 2 should be read by all Bible readers. The author has gone back in time placed the readers at the scene of the story. I applaude his work and sincerely hope he continues through the Bible making the Bible come alive. I also want to make it clear to readers that some of story is fiction as he fills in details. I say read it and enjoy as I did. I really did have a hard time putting it down.

I have always loved Gilbert Morris' novels which is why I bought this one. However, he did not hold up to his usual standard of excellence. When anyone attempts to write fiction based on a Biblical character, they need to be very careful to stick to what is Biblically accurate. As has been pointed out in other reviews, he had them eating meat before the flood. He also mentioned seeing lights that shone like the rainbow. How did they know what a rainbow looked like before the first rainbow occurred AFTER the flood. I also don't believe that there was rain and thunder storms before the flood. He told a good story which held my interest but after reading some of these inaccuracies I was disappointed. I will stick to reading his books that are historical fiction, but not based on Bible characters.

I gave "Heart of a Lion" 5 stars because:1. ... It captured my attention and interest immediately, in the first few pages; I read it in 2 sittings (literally) - I didn't want to stop reading;2. ... The plot and the characters were believable;3. ... The narrative descriptions made me feel as though I was right in the middle of the story, a participant not just an observer;4. ... In my nearly 65 years of life I have had a number of experiences which I could identify with various experiences of several of the characters;5. ... I was impressed with the manner in which the characters, some more than others, interpreted their interaction with our Creator - it help me see new ways to understand old truths;6. ... I felt as though I had worshipped as I read "Heart of a Lion;"7. ... Also, as an aside, the grammar and story continuity were superb, causing no challenge to my being able to focus on what was happening in the story;I would recommend this book to anyone who might have ever wondered what it might have been like to live in the days before and just after the Flood. This novel is appropriate for teens through senior adults.Be prepared to laugh, cry, hold your breath and be amazed as you discover the "Heart of the Lion."
