Maine Atlantic Salmon: A National Treasure

Synopsis

This book serves to demonstrate the value of wild Atlantic salmon to society and provides a small contribution to the future conservation and management of the species. While some cynics may want to cite this book as the obituary for Maine Atlantic salmon of Maine has maintained itself for centuries in spite of humankind's abuse and neglect.

Customer Reviews

This is a great book covering everything including the history, ecology, biology, and more of Atlantic Salmon. This book has impressive photographs, artwork, and text; it is interesting and informative for everyone. The author is one of the most respected and knowledgeable and experienced scientists in the field.

Everything you ever wanted to know about this wonderful fish. History, biology, conservation...all covered in well written detail, with great photos and superb editing. This book will never leave my coffee table. Another great find on !
