~4.5/5! I can't believe how instantaneous my obsession with this series is, but I love it. I can't get enough. Why isn't there more already? Seriously? Miyamura is still getting used to having friends. There's a really sweet scene between him and Ishikawa in this volume, as Miyamura realizes that he does have friends now. He's not seen as the lone weirdo anymore. And it's just so goshdarn sweet. Their bromance is the best. This is then contrasted when they have a fight over Hori's "a fight that's not really out of anger as it is instinct, which is hilarious. Hori is being used by the student council, her kindness being taken advantage of to do their extra work. This leads up to Hori having an argument over Miyamura, in a fantastic scene where she fights for her place over him, without him knowing. It just makes me extremely happy. Miyamura is still learning how to have friends, so having actual feelings for Hori, and her returning them, hasn't really processed as a possibility. So the scene where their hands touch, and tangle, is incredibly sweet and important and I love it. I want more of this series. It's ridiculous how in love with this series, with these characters, that I am. The humor, the sweetness, the emotions | I love everything about

it and I want a dozen more books right now please.[More of my reviews are available on my blog, Geeky Reading, to which there's a link on my profile.]

Horimiya is a great read, this volume delving into the newfound relationships that Miyamura has found. Yes, Hori and Miyamura get closer, but the gap still exists. Back stories help peice together some of the reason why these two highschool students get along so well. The flow from chapter to chapter is quite fluid and consistent. While the first volume established a friendship quickly and pace was inconsistant at times, this volume moved at a comfortable pace.

Love it. The characters are completely unique, and I can hardly wait for the next volume! This needs to be a long series :D

Love the chemistry between hori-san and miyura kun can't wait to see how much more it developes

Love love love! This series is one of my favorites! Can't wait for the next volume!
