The Testament Of Sister New Devil Vol. 3

Synopsis

The Testament of Sister New Devil is an all-new, ongoing manga series based on a bestselling series of light novels of the same name. Combining action and comedy with the supernatural genre, The Testament of Sister New Devil is a high octane romp about a high school boy and his two succubi step-sisters, that will appeal to fans of manga series like High School DxD and Dragonar Academy. The Testament of Sister New Devil has spawned an anime adaptation, which has been licensed for home video by FUNimation, and will also receive a second animated season in late 2015. When his oddball father suddenly decides to remarry, high school student Toujo Basara is about to acquire some very peculiar new family members. Enter his new seductive step-sisters, Mio and Maria. When Basara discovers that one of his step-sisters is a succubus, and his other a recently crowned demon lord, all hell breaks loose! Basara is almost forced into a contract with his demonic sisters where he would act as their eternal servant-but something goes wrong. Instead, a reverse contract is formed, and Basara becomes the master. Between fending off their seductive advances to coping with the attacks of rival demon contractors, Basara has a big learning curve if he is to survive.

Customer Reviews

The third volume of The Testament of Sister New Devil gets off to a fun and bawdy start when we are treated to a morning wake-up call as arranged by Maria. Basara asks "Why can't I ever wake up normally?" but probably many heterosexual male readers will be asking "why can't my mornings be

like this?" The fun soon ends as Basara, Mio and Maria find themselves in a fight with a high powered demon. If that weren't enough, three old friends of Basara's from the heroes' village are in town and they say they have orders to kill Mio. A duel is set up and the volume ends on a cliffhanger as the two sides prepare to face off. The series remains a strong one; Basara can be admired as a warrior, a diplomat and as a protective brother. Maria is the mischievous scamp but is all serious when guarding Mio is the issue. Despite the strong front she puts up, Mio is a nervous young woman, unsure of her power and hoping she'll measure up at crunch time (this volume has strength charts for the characters). The Testament of Sister New Devil has proven to be a happy find in my manga reading this year.

Interesting series cant wait for more to come out. Also found the show on Crunchy roll . Cant wait to get more on this series. Books arrived when they said they would and showed up in great shape.
