Youth Ask A Modern Prophet About Life, Love, And God

Synopsis

Ah, youth! The future is surely in good hands. Frankly and honestly, they ask the questions about life that trouble or perplex them. They're probably yours too. What sort of questions do they ask? And whom do they ask them of? Just look at some of their concerns. And notice their wide-ranging interests. They run from what seems to be a minor problem that would pass in time, like how to stop classmates from teasing, to bigger ones. Far, far bigger ones. For example, what is the spiritual take on AIDS, abortion, or homosexuality? Yes, these are questions from today's youth! And, how is a person who's interested in spiritual things to regard patriotism? Do animals have a heaven? Why virginity? And why, why, please, are we here? Oh, these are good questions as you can see. But whose advice is sound enough to trust, someone who'll tell it like it is, without beating around the bush? Here, too, they choose well. They ask Sri Harold Klemp, the spiritual leader of Eckankar. The clarity of his answers may surprise you, because he points to self-responsibility as a key factor in spiritual growth. People sometimes forget that today. This book is for youth, ages ten to a hundred. You'll learn ever so much about yourself. Who are you really? Where are you going? And why? Here are answers to many things you may also have wanted to know. Read on and find out for yourself.

Book Information

Customer Reviews

Can you match today's Youth in asking life's deepest questions? What an absolute delight and surprise this book was! Leave it today's youngsters to ask the tough questions on life, love, spirituality, peer-pressure and a host of other issues that today's new generation of kids have. Harold

Klemp, Spiritual Leader, offers simple, yet often profound answers on many of the challenges and questions that children deal with on a day to day basis. A plus element is that this is also a workbook, offering exercises and activities that reinforce the youth's personal experiences as part of the response. It's amazing how much I enjoyed this book, originally picking it up as a gift for youngsters, it's really a gift to myself! I highly recommend this as a positive parenting tool as well, no topic is given the "gloss-over", and answers are direct and insightful. Examples of topics covered; Dreams, AIDS, Overcoming negativity, Abortion, Love and relationships, Peer-pressure, Making wise choices, Spiritual growth, Mastering change. A very useful and fun book for all children... and those young at heart!

How do I make the right choice? Are my dreams real? What about dating? How do I pick a career? What really happens when you die? These are some of the questions asked and answered by the author, Harold Klemp in this compilation of twenty years of questions he received from youth and young adults worldwide. His answers are insightful, inspirational and practical. The book is a welcome addition to motivational self-help literature for families and their children. This book is a refreshing approach for living today, as are the more than thirty books written and compiled by this author. All of his books provide spiritual clarity.

I'm 60, going on 47, and this book still seems just right for my questions about divine spirit. Nowhere else do I find such freeing and wonderful thoughts about God and how to experience It. This is about a particular path and a particular Master teacher. If one accepts that--and the fact that no one ever urges a person to join Eckankar--then I imagine the words could be savored by anyone with an open mind and heart. Emphasis on the heart! Consider reading this book to see if it rings true.

This book is written in answer to teens' questions about life, God, spirituality, outer space, and how to face the challenges of family, friends, school, and work in this lifetime, but the issues apply to all of us. I learned a tremendous amount from the answers given by Harold Klemp, the spiritual leader of Eckankar,(the Religion of Light and Sound), even though I've been on this planet almost six decades. His answers are never condescending but respectfully shared from one Soul to Another. Each chapter has a workbook section that helps you delve into the deeper questions of life and find answers. Once I overcame my laziness and assumptions I already knew this stuff and started actually doing the exercises, richer sources of information started coming from Within. A great book for learning to practically live daily life in a more spiritual manner.

I'm a student of Eckankar, so with that thought in mind I will always rate these books with 5 stars, that's because I'm gaining so much insight on the teachings of Eck and God realization.
